JUAREZ, Mex., July 16.—More than 500 American citizens with their wives and families in towns along the Mexican Northwestern Railroad are threatened with isolation far from the American border with scant means of escaping depredations of Mexican rebels. It became known today that the situation along the Mexican Northwestern was such that it would cause no surprise of the Americans in all the towns along the line were warned to leave Mexico at once.

General Pasqual Orozco Jr. within the last 24 hours had ordered the Mexican Northwestern Railroad destroyed between Pearson and Madera, 20 miles southwest of here, but the order had been rescinded mysteriously.

Though the destruction of the Northwestern for a hundred miles in a mountainous region where it cannot be rebuilt for months has been delayed officials of the road are in constant fear that it may be done at any moment.

FEAR TO ASK PROTECTION.

It was said officials did not wish to ask the British government to make representations for protection, for while the property is British the employees are American. For the Pearson officials, on the other hand to order an exodus of their employees would mean to leave the property and supplies at the mercy of the rebels, who already have looted the Madera company's storehouse.

That the Mexican Northwestern Railroad along which most of the rebel army now is stretched is doomed, generally is admitted, for the rebels intend to harass the government forces moving northward from Chihuahua city.

It is feared that after the destruction of the railroad and telegraph, Americans in the interior have no address if depredations by rebel bands begin. It is desired, however, to take no chances and the women and children in the American colonies in Ma-

WASHINGTON, July 16.—A quarter of a million dollars was the estimate which August Belmont, testifying today before the Senate committee investigating campaign contributions, placed upon his donations to the Democratic national fund in 1904. He was not sure that was the sum, but was "satisfied to let it go at that."

"My habit has been that if I feel responsible for anything, my obligation is not measured by dollars and cents," said Belmont when Senator Payne asked if his large contributions embarrassed him. Belmont was a member of the campaign executive committee that year.

Belmont told first of advancing \$50,000 to the Democratic national committee. He said he had been reimbursed \$42,000.

"Those committees always start out that way," he explained. "They ask for advances and then begin to raise funds. Later they reimburse me so

The wedding breakfast was served in a specially constructed pavilion on the lawn of the Crocker estate. The natural beauty of the famous garden was augmented by the distribution of thousands of trees and shrubs and elaborate decorations in rare flowers and orchids enhanced the beauty of the pavilion. The bridal party was seated at a horseshoe-shaped table, from which the guests' tables radiated.

A band of 40 pieces alternated with an orchestra in furnishing music, all of the musicians being concealed in groves of ornamental trees.

San Francisco Woman Leaps From Third-Story Window to Pavement

Miss Mary Lynch Awakens Possessed of Mania for Self-Destruction

SAN FRANCISCO, July 16.—Afflicted with mania for self-destruction as she awakened at 6 o'clock this morning, Miss Mary Lynch, 33 years old, threw herself from a window at the Lene hospital, being dashed to death on the stone pavement below. The young woman was asleep when Miss Cochrane, the nurse in the ward, left for a moment. A few seconds later several early morning pedestrians were horrified to see a white-clad figure standing on the sill of a third-story window. Before they could cry out the woman plunged to the sidewalk, landing at the foot of the stairs leading to the main Clay street entrance of the hospital.

The right arm and several fingers picked up the woman and carried her to an operating room, where an examination revealed the fact that she was dead. Both arms and legs were broken, her chest was crushed and her wrists cauterized in by the long drop.

The dead woman's brother, Harry H. Lynch, is employed in a downtown wholesale house and resides at 1410 Octavia street. Yesterday he made arrangements to give up his own apartment to his sister, who was going to reside there, and to take a smaller room for himself.

GOES TO HOSPITAL.

Early last evening the young woman had fainted and insisted upon taking the smaller room when the landlady, Miss William G. Tracy, was unable to open her brother's door. Later Miss Lynch, accompanied by a friend, visited the Lane hospital. It developed that she had previously communicated by telephone with Dr. Peter H. Luttrell and he had arranged an appointment for the early evening.

She informed him that she had been extremely nervous. His diagnosis of her case showed besides nervousness slight indigestion and exhaustion.

He found no symptoms of insanity when he visited her, but at the word at which time he found her brother by the side of the bed.

Whether Miss Lynch had been inflicted with suicidal mania previous to seeking treatment could not be learned and her brother, Harry H. Lynch, had left for his work ignorant of his sister's death and could not be located. Miss Lynch had one sister, who is out of the city.

Sherman P. Allen
To Succeed Andrew

Former Washington Newspaper-man Given Appointment by Taft.

WASHINGTON, July 16.—President Taft will appoint Sherman P. Allen, assistant secretary at the White House, to be assistant secretary of the treasury, succeeding A. Platt Andrew, who recently resigned after a row with Secretary MacVeagh. Allen was formerly newspaper man here.

It was said that Frank Thompson of Ohio, assistant secretary of the interior, would become secretary to the president succeeding Charles D. Hilles, chairman of the national committee.

L. C. Ladd of Ohio is to succeed Thompson in the interior department and George W. Moore, former speaker of the Ohio Assembly, is stated to be Allen as assistant secretary.

Former Representative Ralph Cole of Ohio is stated to be legal advisor to the controller of the currency.

Combination Opposed

Plan for Avoiding Use of Third Ticket in Illinois Is Abandoned.

CHICAGO, July 16.—All plans for avoiding the use of a third presidential ticket in Illinois by picking the names of both Presidents Taft and Theodore Roosevelt at the head of the Republican ticket were declared to be Modell McCormack, head of the Roosevelt forces, to have been abandoned.

William M. Allen, formerly mayor of Peoria and George Fitch of Peoria said emphatically they were opposed to any Roosevelt-Taft combination.

Turkey Refuses to Accept Proposed Peace Conditions

CONSTANTINOPLE, July 16.—The Grand Vizir today announced that the Turkish government refused the proposed conditions of peace as unacceptable. Turkey, he said, intended to maintain her sovereignty in Tripoli and the war would continue until conditions of peace agreeable to the Turkish dignity had been submitted.

CONGOLES' MURDER.
Today's wedding was one of the most gorgeous that ever has been solemnized in the United States. It was graced by the presence of only 300 guests, yet the preparations involved the expenditure of an immense sum of money and the employment of the services of hundreds of workmen. The church had been transformed into a bower of orchids, and the position where the wedding

Supervisor Foss Marries; Berkeley Teacher Is Bride

Supervisor Fred W. Foss of Berkeley and Miss Vida Vervallin, a teacher in the Berkeley schools, were quietly married this afternoon by Rev. Elmer McBurney, rector at the First Christian Science Church, at his home in Franklin street. The wedding was kept a secret from the friends of the bride and groom to the very last. Miss Vervallin denying even this morning to inquiring friends that she was to be wed today. The ceremony was quietly performed, there being no attendants and only relatives of the couple being present.

Among these were Mrs. Mattie Vervallin, mother of the bride, and the bride's sister, Mrs. Marion Vervallin, a former teacher in the Berkeley department with a former university of California class. The bride's father, a lumberman, died a few years ago. Fred Foss has lived in Berkeley for about 25 years. He is engaged there in the lumber business, his mill, on Addison street, being one of the largest factory plants in the city. Miss Vervallin has been a teacher for some years in the Whittier school of Berkeley. Her resignation has not yet been presented to the school board, but is expected to follow her return from her honeymoon.

CAMPA ARRESTED.

General Emilio Campa has been arrested by superior rebel officers at Madera, on the Mexican Northwest railroad, according to a advised reaching here today. Campa was imprisoned by General Antonio Rojas just as the former was about to set out with a dynamiting crew to destroy the railroad north toward Juarez. Recently Campa was jailed by General Orozco in Chihuahua on a charge of insubordination, but was released after a week's confinement. The latest incident is regarded as a manifestation of serious friction in the rebel ranks.

Twenty-five hundred rebels are now at Madera. Wire connection with Madera was interrupted today. Mexican Northwestern officials said a severe windstorm had blown down several poles, but it is rumored that rebel factions are fighting one another and preventing General Orozco, the commander-in-chief here, from knowing the true situation. Many bridges south of Madera already have been burned.

MORMON OPTIMISTIC.

EL PASO, July 15.—A. W. Ivins of Salt Lake City, one of the apostles of the Mormon church, arrived here today to investigate conditions in the Mormon colonies in northern Mexico.

"Whenever we have appealed to the rebel officers," he said, "we have received respectful treatment. The situation should adjust itself."

Ivins declared that the killing of William Adams recently at Colonia Diaz was due to Adams' indiscretion, as he quarreled with a rebel soldier. Bishop O. C. Brown returned today from Colonia Morelos and the Mormon colonies in northern Sonora. He declared that stories of mistreatment of the colonists by the government troops have not been exaggerated.

DEFALTER'S WIFE FOUND IN CAPITAL

She Blames School Teacher
for Her Husband's Down-
fall.

SACRAMENTO, July 16.—Reports that Mrs. Ben O. Tupper, wife of the defaulting cashier of the Dunsmaur State Bank and city treasurer of Dunsmaur, who was forced to resign July 1, taking \$7000 of the bank's funds, according to the directors, had accompanied her husband in his flight from the law, were found to be false today. The wife of the fugitive is staying in Sacramento, awaiting word from relatives.

In her statements concerning the disappearance of her husband, Mrs. Tupper charges that a Sacramento police officer, a school teacher who taught in the Dunsmaur schools two years ago, is to blame for her husband's downfall.

SOCIALISTS SEEK AID FROM SUPREME COURT

Recall Candidates Apply for Writ to Obtain Election Officials

Failing to obtain concessions from the Socialist candidates in their demand for the appointment of 513 Socialists as members of the election boards for the recall election to be held August 1, the recall candidates have now applied for a writ of certiorari from the Supreme Court to force Mayor Frank K. Mott and the city council to appoint their list of election officials.

The Socialists, who are represented by Attorney Robert Moyer, did not go to the lower courts, as there will not be time to take appeals from the decision, but took the case immediately to the Supreme Court with a request that the court invoke its right of original jurisdiction.

The petition recites various laws bearing upon the matter and declares "that the question of the recall of the majority of the city election officials is one which the recallers retained from doing so the council will appoint their partisans as members of the election boards and members of the Republican party only and that the honesty of the court will be called in question."

The Socialists ask that the council be compelled to appoint these election officials either partially from the list of names submitted by them or from members of the Democratic party, that party having polled the second largest vote at the last general election and held a general election under the state laws.

Mayor Mott declared this morning that the council had obtained an opinion from the city attorney that party lines had no significance in the municipal election, and that as the number of members of the party to be taken in the conduct of the election, the commissioners felt it their duty to personally select the officials to conduct the voting.

CLAIM LAWS ARE VIOLATED.

The petition declares that the action which they take is a direct violation of the general election laws of the state. The petition recites the history of the effort

MOYER ADDRESSES WESTERN MINERS

President Bitterly Denounces the Industrial Workers of the World.

CRIPPLE CREEK, Colo., July 16.—The annual address of President Charles H. Moyer was the feature of the second day's session of the Western Federation of Miners held in Victor today. President Moyer reviewed the efforts of the executive committee to exterminate the Industrial Workers of the World faction from the federation, because "that faction opposes the best interests of the organization."

In denouncing Industrial Workers Moyer pointed directly at a faction of Butte local and minutely reviewed their activities to overthrow the central body. He referred to the strike at Butte, Nev., where the Pittsburg Silver Peak Gold Mining company decided to "reduce wages on account of lack of ore." He said:

"The president of this company is ex-Senator Frank J. Pomeroy, one of whom

Other well known golfers who started in the first two hours of play were H. G. Legs of Minnkhaha, Charles Evans of Edgewater, E. S. Armstrong of Los Angeles, E. C. Colles Jr. of Calumet, J. Neville of Claremont, Stewart Stickney of St. Louis, H. B. Lamb of Salt Lake City, C. E. Munger of Dallas, Alvin of Omaha, W. E. Code of Indianapolis, H. C. Clancy, Stanley of Indianapolis.

The feature of the forenoon field was the card made by Lawrence F. Bromfield, Denver, in 20 holes in making the first round of nine holes in 34, which is two under par, while playing with D. E. Sawyer of Chicago whose card was 38.

Warren K. Wood of the Homewood Club, Chicago, and J. W. Patterson of San Francisco, each made this round in 33.

"Chick" Evans of the Edgewater club being next with 26. E. S. Armstrong of Los Angeles, and J. W. Patterson of San Francisco, each made this round in 33.

After the cloudburst of Sunday night, the course was pretty heavy in spots, three temporary greens proving a handicap to many visiting players.

Twelve players had completed the 18 holes in the afternoon, making a round at 3 o'clock. Of these, thus far, W. C. Wood, Charles Evans, Jr., of Edgewater, Chicago, and L. D. Bromfield, Denver, finished with 73.

CHAUFFEUR ACCUSED OF CHARGING TOO MUCH

SAN FRANCISCO, July 16.—Frank A. Wilseman, a chauffeur, was arrested by Detective Harrison this afternoon for overcharging Robert P. E. Troy, on a warrant issued by Justice of the Peace Arthur Troy, who is a local attorney, claiming that Wilseman accepted a higher fare than that provided for in the new taxi-cab ordinance. This is the first arrest under the supervisor's recent legislation.

The realty men met for the purpose of discussing the realty problems of the day and to formulate a system of co-operation. During the lunch several of the leading realty men of Oakland delivered addresses, the principal speaker being President McMahan. In his talk he took occasion to commend Mayor Frank K. Mott for his interest in the living interest he has had in the organization. Mott was president of the State Federation two years ago.

Among other speakers was James G. Stafford, secretary and treasurer of the Real Estate Association, who had just returned from Louisville, Ky., where he had been in attendance at the convention of the National Association of Real Estate Executives. Mr. Stafford spoke in an interesting manner on the activities of the great gathering and brought home with him many valuable ideas for business operations, some of which will be henceforth adopted in the state association.

JEWELRY RECOVERED.

SAN FRANCISCO, July 16.—Jewelry valued at \$1000, which was stolen from the Hillsborough minister of the First Presbyterian church, was recovered this morning by Detectives Regan and O'Connell in a Fourth-street pawnshop. They had been pledged for a trifling sum and the officers are now endeavoring to discover the burglar who succeeded in accomplishing the theft.

The accident happened about 9 o'clock within a few feet of the Key Route Inn.

BABY FALLS FROM TRAIN; IS UNHURT

Three-Year-Old Youngster Plunges From Window of Moving Car.

OMAHA, July 16.—Reed Fairbanks, aged three years, son of Mr. and Mrs. L. R. Fairbanks of Salt Lake City, fell from the window of a fast moving Union Pacific passenger train, early today, escaping with only slight injuries.

When the train was stopped, trainmen rushed back and found young Fairbanks little the worse for his plunge.

GOVERNOR MARSHALL MEETS COMMITTEEMEN

INDIANAPOLIS, July 16.—Governor Marshall, Democratic candidate for Vice-President, received at the State Capitol today twenty members of the Democratic national committee who stopped here on their way home from the reorganization meeting at Chicago.

Speeches pledging enthusiastic cooperation during the campaign were made by Martin Wade of Iowa and others.

In responding, Governor Marshall said he "did not know whether he was 'progressive' or 'not' and continued:

"There are many kinds of 'progressive'—some who believe in reducing the tariff on Iowa products and putting it on Indian products and another supports the opposite policy. But if the term means anything, it means that the Democratic party should meet changing conditions in protecting the people against the special interests I am progressive."

LABORER SAVED FROM PRISON BY HOOKWORM

SAN FRANCISCO, July 16.—The hookworm plies of Bernardino Diaz, a Porta Rican laborer, prevented that gentleman from going to prison today in superior Judge Dunn's court.

Diaz was allowed to go on probation following his plea of guilty of omitting to provide for his family some weeks ago. It appears that he did not work, although he had promised to do so, and was held in jail until today for violating his probation.

When Judge Dunn questioned him he produced a well worn piece of paper which he had written on, certifying to his wife that he had a hookworm and that he was physically incapable of working. The court was visibly nonplussed and continued the matter for one week.

HUBBY WAS 'JINER'
ACCUSED OF BATTERY

SAN FRANCISCO, July 16.—Mrs. Mildred Albert, an actress, had her husband, Arthur, an actor, before Judge Shortall today for battery. She declared that her spouse's chief offense was joining lodges. His duels necessitated nightly trips away from home and to attend underworld meetings, which caused him to beat his wife on several occasions on his return, she said. The court lectured Arthur severely and set him free.

PLUMBERS' CONVENTION

SALT LAKE CITY, July 16.—The national convention of master plumbers began its thirteenth annual convention here today. Several hundred delegates are attending.

GOLF TOURNAMENT BEGINS AT DENVER

First Day's Play Brings Out Little Sensational In Scores.

DENVER, July 16.—The first day's play of the Western Golf association tournament on the amputated links of the Denver Country club, nine holes of which were lost in the Cherry Creek flood Sunday, began today at 9 o'clock.

Late last night Wences Wirtzey of the San Francisco Golf club offered to pay the expenses of the players from here to the Del Monte links, but as only four could make the journey the offer was declined.

Brilliant sunshine greeted the players as they gathered for the opening round, the golfers being the only reminder of Sunday night's flood. A fair sized gallery witnessed the opening of the tournament when G. S. Patterson of Denver and J. W. Anderson drove off. They were followed at five minute intervals by J. D. Cady of Rock Island and K. P. Edwards of Milwaukee, W. E. Shokle and W. K. Woods of Homewood.

PROMINENT GOLFERS.

Other well known golfers who started in the first two hours of play were H. G. Legs of Minnkhaha, Charles Evans of Edgewater, E. S. Armstrong of Los Angeles, E. C. Colles Jr. of Calumet, J. JEWELRY RECOVERED.

SAN FRANCISCO, July 16.—Mrs. Helen Wadsworth Baker is entertaining her sister, Mrs. Lillian Wolcott Thomas, at her Pacific avenue home. Mrs. Thomas who has been visiting her daughter, Mrs. Joseph Weller Sefton, in San Diego, is planning to leave soon for the East for an indefinite stay.

Mr. Edwin White Newhall and Miss Virginia Newhall are home again after a week's absence in Connecticut, where they were to attend the marriage of Edwin White Newhall Jr. and Miss Jessie Peers.

Miss Newhall left almost immediately on her arrival for Los Angeles, where she has gone to be one of the bridesmaids in the wedding of Helen McVey and Harry Faust.

This is the fourth time in recent months that Miss Newhall has played the role of bridesmaid. The first occasion was when her elder brother, Alvin Newhall, married Miss Anna Scott and the second, her sister, Miss Frances Newhall, became Mrs. Frederick Woods Jr.

Miss Elizabeth Col of New Jersey had come to town to be a bridesmaid. Miss Newhall and her son are going to the Paulin-McVey nuptials, which are to be solemnized this evening.

Mrs. Newhall remained a while longer to visit relatives in Martha's Vineyard and is not expected home until August.

Mr. and Mrs. Roy Somers have been entertaining Miss Florida Hunt at their home in Hill Valley.

Miss Somers spent the greater part of the season in Ross, where her sister, Mrs. Herbert Baker, has an attractive bungalow.

Mr. and Mrs. J. Newman and the Misses Babbette Newman are at the Tidwell, Lake Tahoe, and are enjoying all the pleasures of the lake.

HOMES ARE LOOTED.

SAN FRANCISCO, July 16.—Frank Simon of 712 Tennessee street notified the police today that his home had been entered and four \$100 bills had been stolen. Miss Florence Stone of 1214 Polk street notified the Bushnell station that her residence had been ransacked and \$66 taken.

KICKED BY A HORSE.

SAN FRANCISCO, July 16.—Harry Hoch, driver of chemical engine No. 6, who was king of the recent Hayes Valley carnival, was kicked by a horse which he was currying in the front house this morning. He was taken to St. Joseph's Hospital. Hoch is to be married in December.

PRICE OF CRUDE OIL AGAIN GOES UP NOTCH

INDEPENDENCE, Kans., July 16.—The price of crude oil was advanced 2 cents to 70 cents a barrel by the Prairie Gas and Oil Co. today.

ACCUSED EMBEZZLER MUST ANSWER CHARGE

J. W. LeCron, arrested on a charge of felony embezzlement because he sold a diamond ring valued at \$120 which he had obtained from George F. Hughes on the installment plan, was held to answer before Justice of the Peace Smith this morning. The ring will be held in evidence in the trial before the Superior Court. LeCron is said to have sold the ring after paying only one installment.

THEFT TAKES AUTO.

SAN FRANCISCO, July 16.—An automobile trip to Lake Tahoe planned by Attorney Charles Sutro had to be postponed today because of the theft of the latter's touring car. While Sutro was in his office at 27 Montgomery street someone ran away with his machine.

Oscar Underwood and Presidential Nominee Hold Conference.

TRENTON, N. J., July 16.—Oscar W. Underwood, Democratic leader of the House, met Governor Wilson for the first time today at the state house here and went immediately into a private conference with him. Underwood also met Perry Belmont, Thomas J. Ryan and Charles P. Donnelly, the latter two Democrats leaders of the legislature.

Governor Wilson motored from Seaside to Trenton to devote the day to state affairs, New York and took luncheon with Underwood.

ROMANCE HAS BEGINNING ON QUAD AT STANFORD

LOS ANGELES, July 16.—Miss Maude Bassett, daughter of Mr. and Mrs. E. S. Bassett, is engaged to Latham McDougal, son of Mr. and Mrs. William H. McDougal of Belmont, and her marriage will take place August 17 in San Francisco. The bride-elect was graduated from Stanford University with the spring class of 1912. McDougal finished a course here the preceding year and the match is the result of a college romance.

Just before coming south Miss Bassett told the secret of her engagement to a few intimate girl friends, but it was not until today, when she gave a luncheon of twenty-two covers at the Jonathan Club to announce the date of the wedding, that the news became public. This affair was in the nature of a compliment to Miss Mildred Hayes of San Jose, who is visiting here and Pasadena.

Miss Bassett is a popular society girl with many friends in the north as well as the south. McDougal is engineer for the Imperial Valley Water Company. Their home is to be in this city.

Stomach Trouble of 12 Years' Standing Gives Way to Duffy's

MR. FRED F. ZINK.

Mrs. Fred F. Zink, 2228 Saratoga street, New Orleans, La., writes of the great good done her husband:

"My husband suffered with stomach trouble for over 12 years, during which time he doctorred with three doctors, who gave him no relief. He kept growing worse, had to be very careful as to what he ate, as things always soured on his stomach, but, thank God, after taking three bottles of Duffy's Pure Malt Whiskey he was entirely cured. He still takes it as a tonic and we would never be without it. He now looks fine and weighs 180 pounds. I can highly recommend it to anyone afflicted with stomach trouble."

Duffy's Pure Malt Whiskey

Few diseases afflict upon their victims greater suffering than do dyspepsia, indigestion and other stomach troubles. Indigestion in any form you should use Duffy's Pure Malt Whiskey. Its action is most natural. When taken at mealtime it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment.

Sold in sealed bottles only by druggists, grocers and dealers, or direct, \$1.00 a large bottle. Be sure you get Duffy's and that the seal over the cork is intact. Our doctors will send you advice free, together with a valuable medical booklet on application.

WOMAN DIES IN EFFORT TO SAVE GIRLS

OAKLANDERS DROWN NEAR BROOKDALE

MRS. MAY H. CRIPPS (UPPER PICTURE) AND LILLIAN McDONALD, VICTIMS OF DROWNING ACCIDENT.

Mrs. May H. Cripps Goes to Death in the San Lorenzo River

Lillian McDonald, 15, 2120 Grove street; Gladys Hawkett, 15, 2303 Grove street, and Mrs. May H. Cripps, 30, 2015 Keith avenue, were drowned late yesterday in San Lorenzo creek near Brookdale, fourteen miles from Santa Cruz. Mrs. Cripps lost her life trying to save her sister, Gladys, and the McDonald girl, who, while bathing, had waded beyond her depth. Her two children, Dorothy, aged 6, and William, aged 5, were found running and down in the shallow water of the river, employed at the Government fish hatchery, near by, who had heard the cry of the little ones.

Lillian McDonald was a daughter of Mrs. M. M. McDonald, and the other two were children of Mrs. Emma Sill, wife of J. F. Sill, sergeant of police. Sergeant and Mrs. Sill and Mrs. McDonald left on the first train this morning to bring back the three bodies and the motherless children.

It is not known exactly how the accident happened, as the only witnesses are Mrs. Cripps' children, who have become so crazed with grief over the loss of their mother and aunt that they can give no coherent account of the tragedy. The girls had gone to the Government fish hatchery, near by, who had heard the cry of the little ones.

"Homes for girls are what we most need, good homes with women of understanding hearts, who can supply an atmosphere of noble ideals and of simple refinement," said Miss Theresa W. Rich, assistant probation officer today.

"The girls we are helping as a rule must be found a chance to earn their living. Generally they are not thoroughly trained, and do not expect at the start more than from \$8 to \$12 a month. We do not want them to do heavy work, but they can care for children and attend to all kinds of housework. We place them in homes of their own religious connection, and want them to keep up their church life."

"Catholic homes are wanted: One Catholic home for two girls, 17, and 19; and Protestant homes of any denomination for girls between the ages of 15 and 17."

"Women needing girls and desiring to co-operate with the probation office are requested to communicate either by mail or by telephone, 419 Nineteenth street, near Broadway, Oakland, or by telephone, Oakland 8190."

COULD SWIM SIX STROKES. "Gladys wrote," said Mrs. McDonald, "that she could swim six strokes at a time, but was afraid to let my child go in water. She had put on a new bathing suit and the girls had gone to an unoccupied spot to learn to swim before they appeared with the others."

NOMINATES ROMERO AS U. S. MARSHAL

WASHINGTON, July 16.—President Taft sent to the Senate today the nomination of Secundino Romero to be United States marshal for New Mexico to succeed Creighton Foraker, a brother of former Senator Joseph R. Foraker of Ohio. Published reports have declared Foraker's reason for political reasons. The White House made no explanation.

JOINT MANEUVERS BEGIN. HELENA, Mont., July 16.—An army of 1100 men, composed of the Second Regiment, National Guard of Montana, and the Second and Third battalions of the Fourteenth Infantry from Fort Harrison and Missoula, began a series of joint maneuvers at Fort Harrison yesterday.

CABINET WORKER HURT. ALBANY, N. Y., July 16.—A cabinet maker was struck by a streetcar yesterday afternoon at Fifth and Broadway and suffered a broken rib and nosebleed. He was removed to his home at 315 Second street after being treated at the Emergency hospital.

Peace and Prosperity Imperiled by the Recall

THE success of the attempt to recall Mayor Mott and Commissioners Turner and Baccus at the instigation of non-resident disturbers and professional agitators would be a genuine calamity. It would hinder the development and retard the progress of the city. It would bring to a halt building operations, and thus would injure every wage-earner and business man in Oakland, with the inevitable consequence that property values would be depressed and the life taken out of the real estate market.

This is no ordinary election called to determine who shall be elected to hold the offices and shape the municipal policy during the ensuing term, but an attempt to depose an administration which has led a progressive movement in this city, aroused public spirit and given life and energy to public and private enterprise; that has inaugurated a comprehensive scheme of municipal adornment and improvement and carried it far toward completion; that has enlarged the city's boundaries and put Oakland in the van of civic progress.

The excuse for the recall election is trivial and insincere. Demagogues and disappointed office-seekers have united with the organization known as the I. W. W. to not merely depose faithful and capable officials, who have rendered the public notable and valuable service, but to revolutionize our civic organization and throw everything into confusion. Should they succeed every man who owns a dollar's worth of prop-

erty, every man who does business here or holds a job in this city would be injured.

The movement this alliance of disturbers and office-seekers has projected is a distinct menace to the prosperity of Oakland. It threatens social order along with business stability and the integrity of property values. Its success would strike the city's credit a hard blow and paralyze the spirit of enterprise. Investors and capitalists would lose confidence in Oakland; manufacturing industries would be driven away, and building operations would promptly suspend, and every man directly or indirectly interested in the building trades would suffer.

Consequently the issue before the people of Oakland in this crisis is not merely one of personal popularity, or of choosing between candidates, but of holding the city in the line of progress. Every person with a stake in the city is vitally concerned in it. It reaches directly into the pocket of every individual. It touches every interest, great or small, and closest of all those who own their homes and gain their livelihood by working for others.

Oakland at present enjoys a credit that is second to no city on the Pacific Coast. Let Mayor Mott and his colleagues be recalled and that credit will go down like a plummet. Private credit and property values will go down with it. A stoppage of building operations will throw thousands out of employment. Trade depression and suffering will immediately follow. Every man in business, whether he sells meat, bread, drygoods, shingles or beer, will be hurt. Hotels, restaurants and theaters will at once feel the de-

pressing effect of idleness, loss of confidence and scarcity of money.

Let no man be deceived. This is no overdrawn picture. It is a conservative statement of what will happen if the government of this city should be thrown into the hands of irresponsible agitators and their demagogue abettors. Every city that has tried the experiment has suffered just such a disastrous experience. Milwaukee is suffering it now. Business at a standstill, the city full of idle men, building operations virtually suspended, the municipal treasury empty and the public credit greatly impaired are the penalties Milwaukee has paid for her surrender to Socialist dreamers.

Do we want this in Oakland? If not, vote to sustain the Mott administration and to preserve social order, business prosperity and the stability of property values. Vote for your homes, your pockets, your jobs and for a continuance of the order of progress which is rapidly building Oakland into a great city. Otherwise, you will have to vote for a strike on the municipal structure, for a suspension of business activities and for halting the scheme of civic development which has emerged from the chaos of old dissensions, parochial aspirations and silurian ideas, and is beginning to take the splendid form of reality.

If you value peace and prosperity and good service, vote against the recall. Oakland is now on the high wave of progress—don't arrest and turn it aside by handing the city over to a band of disturbers, headed by unscrupulous office-seekers who would involve thousands in misery to gain a personal advantage.

Not Reducing Armament.

While the peace advocates are busily engaged in the extensive propaganda against war, the nations proceed unabashed in preparing with battleships and armaments for war. England, while presenting the peace proposal to limit further additions to the navies of European nations, unofficially informed Germany that if the proposal was not agreed to, she would meet any increase in the Germany navy by doubling the order in her own. Germany refused to agree, and ordered sixteen new ships. Great Britain answered by ordering an increase in the navy of thirty-two first class vessels.

The United States is not falling behind in the preparation for peace along the lines of increasing the fighting force. The Senate has just passed a bill appropriating \$133,000,000 for the navy, this being the greatest sum ever provided in one bill for the American navy. In the bill two first-class battleships, each carrying as heavy and powerful armament as any of its class, to have the highest speed and greatest radius of action practicable, are provided for, to cost \$7,325,000.

The United States War Department has the advantage over the other nations of a corps of naval experts of striking ability blended with wise boldness, and the London Telegraph looks with alarm at the advances in naval construction made by American builders.

Keels have been laid within a short time in this country for two battleships which will take rank as the most remarkable men-of-war of the period, according to British as well as American authorities. These are the Oklahoma and Nevada. Both ships will use oil and oil only. The armor will be thicker than that of any vessel laid down in any navy, and the ships will be better protected from the enemy's fire than is any man-of-war now afloat. The expert of the London Telegraph says of these ships:

"These ships, it will be seen, are, in fact, what the Americans claim, the most remarkable of the period. They are to be heavily armed, and in armor protection they are unique. They will be able to give 'knock-out' blows, and receive the fire of an enemy with comparative impunity. In an action they should be able to remain in the line of battle long after less massively defended ships have been seriously injured as to be useless."

Particulars of the latest British ships have not been published officially, but so far as is known no vessel has been laid down as heavily armored as the Nevada and Oklahoma. The latter and her sisters, for instance, have belts with a maximum of only twelve inches, with eleven inches of armor on their turrets, and in other respects their protection is less complete. German ships are believed to be rather less fully protected. In the meantime, there will be considerable controversy as to the

next step in design in Europe—whether in the direction of lighter armor and heavier armament, or, as in the American battleships, in the direction of economy in armament—by the adoption of the three-gun turret and light anti-torpedo guns—and a further development in armor."

Do More Than 'Swat.'

One of the most moving slogans given us recently by the medical profession is that of "swat the fly." It has been eagerly embraced, both as a motto and a justification for past activities, by every tidy housewife in the country. It is infectious, for the sedate man of business in his office drops the letter file quietly upon the insect on his blotter and smiles a sedate smile of satisfaction. The pupil whacks them on his desk with a careless disregard of the figures in the deportment column. The porter slays them with his father duster, the janitor with his broom. We should not be surprised, between his "firstly" and his "secondly," to see the pastor slide the psalter quickly a hand's width to the right.

To balance a slightly undue emphasis on the "swatting" operation, however, the public health men are now hastening to tell us that this is but a part of our duty to humanity, and a rather tardy part at that. It appears that the fly, when he is large enough grown to be in peril of the swatter, has well advanced in his desperate ways. His mischief has already been largely accomplished.

The fly must be attacked at his breeding place primarily. The stable must be cleared of its refuse with no delay. The cover must be kept tightly upon the garbage can, and that can must comply with the ordinance that means metal when it says metal, and not wood. Owners of chicken-yards, even those who keep a few fowl, must be thorough in cleansing such yards. About stables is still another point: That careful cleaning will be of little avail if large cracks and knot-holes are permitted in the floor or dirt floors are present. Foodstuffs must never be permitted to lie about loose, but must be consigned at once to that same metal can. Contractors must take care that conveniences of a sanitary kind are provided for their men instead of the makeshift shacks that are too common. The immediate connection of the buildings themselves with the sewer is one means of remedy.

These, then, are suggestive methods of the attack on the fly that must accompany the "swatting." Incidentally it may be pointed out that, the more thorough they are, the less necessary will it be to swat. Not but that the "swatting" is in itself advisable. Simply to be remembered is the fact that the attack must be two-fold: First, keep the fly from breeding; second, keep him from going on living.

DON'T GROW BALD YOUNG MAN!

Take Care of Your Hair While You have Hair to Take Care Of.

It's a safe ten to one bet that the young man who uses PARISIAN Sage as an occasional hair dressing will never grow bald.

There's a reason, of course, and it's a very good and sufficient one.

Dandruff germs cause falling hair and falling hair means thinner hair and in due time baldness.

PARISIAN Sage prevents baldness by destroying the cause of baldness—the little, persistent, vicious dandruff germs.

If you have dandruff or itching scalp it means that dandruff germs are sapping the vitality from the roots of your hair. Get rid of all hair troubles by using PARISIAN Sage.

It is not a dye, mind you, neither does it contain poisonous sugar or lead or even sulphur. It is a scientific preparation that abolishes dandruff, stops falling hair and scalp itch, and makes hair grow lustrous and luxuriant.

Many young women as well as men are growing bald and for the same reason.

Use delightful, refreshing PARISIAN Sage. It nourishes the hair roots, if the roots are not dead, and brings to every user a head of glorious hair—radiant and fascinating. Large bottle for 50 cents at drug stores and toilet counters. See that you get PARISIAN Sage.

Osgood Bros. guarantee it.

DYING WOMAN ACCUSES DOCTOR

San Francisco Physician Held By Police on Grave Charge.

SAN FRANCISCO, July 16.—As the result of a statement made by Mrs. Matilda Freed, wife of Sigmund Freed, a clerk in the local postoffice, before her death at 1:30 this morning, Dr. F. Thomas of 816 Turk street was arrested by Detective Tom Murphy and is being held in detention at the city prison.

Mrs. Freed informed her husband on Saturday evening that she had visited Dr. Thomas' office, where a criminal operation had been performed. Later she felt ill and on the physician's suggestion, went to the French hospital. Last night she repeated her visit to Dr. Murphy's office, where Dr. Osgood, who was preparing to perform a capital operation in a last effort to save her life.

She, however, was overcome and her condition was such that she could not be allowed to remain. So far no charge has been placed against Dr. Thomas and the District Attorney was not called into the case for an official statement.

LOCAL MERCHANT ON BUYING TRIP

William Smith Leaves Oakland for Travels Throughout East.

William Smith, popularly known throughout the bay regions as "Money Back Smith," left this morning on the second leg of his buying trip for an extended buying trip through Chicago, Milwaukee, Worcester, New York, Philadelphia and other large eastern cities.

Smith plans to be gone about four weeks, during which time he will select all the newest fall goods and merchandise to be ready for the opening of his new store at Twelfth and Washington streets.

EVANGELIST COWBOY HOLDS REVIVAL SERVICE

The first of the series of evangelistic services in West Oakland, under the auspices of the Christian Endeavor society of that district, was successfully held last night. Tom Hannay, the Rev. Mr. Hannay, conducted a street meeting at Seventh and Adeline streets while Paul C. Brown held services at the church. Hannay and Brown are the state field secretaries and organizers of Christian Endeavor societies, and will work in the west end section of Oakland during the week.

The efforts of the West Oakland Endeavorers were strengthened by the forces from the Edgeworth League of the Methodist church and some clergymen from all parts of the city and Berkley were represented.

The attendance at the first meeting was detracted from to some extent by the holding of the county Christian Endeavor meeting, mostly by the officers and workers going there of necessity. This meeting was in the form of an echo of the twenty-fifth annual convention held at Fresno in the early part of the month.

FARMERS TO PROTECT DOVES STILL NESTING

SACRAMENTO, July 16.—The dove season opened yesterday amid a storm of protests from all sections of the county. The protests are registered mostly from the ranchers, who claim that the birds are still nesting and that the killing of the mother bird means the wiping out of the young ones.

Most all of the local hunters are not going out until after August 1. The State Fish and Game Commission has tried to point out through articles in the newspapers why no true sportsman will kill doves until after August 1 at the earliest.

A large number of the ranchers will not permit people to hunt on their lands for doves until after August 1. A movement is now on foot for the bringing of a bill before the Legislature for the changing of the season to August 15.

OAKLANDERS RETURN FROM LONG VACATION

Arthur H. Bred and his two sons, Horace and Donald, his brother, Attorney L. H. Bred and Dr. C. D. Gilpin have returned from a "three-weeks" camping vacation in the mountains around Big Meadow, Plumas county. Their report of an interesting trip, that fishing was good and that the Great Western Power Company is making rapid progress in its undertaking in making power in the Big Feather river six miles below Platteville, which town will be submerged when the dam is completed. The party climbed Mt. Lassen, 10,500 feet high, during their ramble.

ST. PAUL'S CHURCH WILL BE OCCUPIED

Presbyterians Plan to Take Over Temporary Abode In October.

Members of the First Presbyterian Church of this city will occupy St. Paul's Church at Webster and Franklin and Grand avenues in October, as the house of worship at Fourteenth and Franklin streets, which was purchased over a year ago, must be vacated.

The September the parishioners of St. Paul's will move into the church of construction at the corner of Bay and Montecito avenue.

The new building of the First Presbyterian Church, which will be located at Twenty-sixth street and Telegraph, is the first part of the new year. The structure will cost \$25,000. The cornerstone will be laid soon after the return of Rev. F. L. Gondwe, pastor of the First Presbyterian Church, from his summer vacation in Honolulu.

Rev. Gondwe will be absent for Honolulu from July 21 for an absence of about six weeks. During that time he will occupy the pulpit of the Central Union Church of Honolulu at the morning service, and will hold a series of evening services, at which the more white population of the city regiments of particular creed, will assist in the theater.

During his absence the pulpit will be occupied by Dr. Doremus Scudder of the Central Union Church, Honolulu. Dr. Scudder is the son of Rev. S. S. Scudder, the former pastor of the Howard Presbyterian Church of San Francisco. He is well known about the bay, and is a member of celebrated missionary family known the world around in that line of work.

DEFIES CAPTAIN; 'RAGS' ON LINER

Miss Emeleen Magoon Rules
Ship Despite Orders of
Skipper.

Miss Emeleen Magoon, who is a granddaughter of Ah Fong, the famous Chinese millionaire who made his fortune in Hawaii, and all of whose daughters made brilliant marriages, promised to uphold the reputation of that family for interesting young women. She arrived from Honolulu on the Pacific Mail liner Korea yesterday, with no less an achievement to her credit than having defied the steamer's skipper.

Miss Magoon is 18 years old, and she was so much the life of the ship that the nickname of "the Lark" was bestowed upon her before the vessel was two days out on the ocean.

The young woman's defiance of the skipper was not of such a nature as to warrant her being put in irons. In fact,

that astute mariner deemed it best to let her have her way.

There were a number of young women among the passengers to whom the dances given aboard ship seemed old-fashioned and unnecessarily elaborate.

Miss Magoon is accompanied by her mother, Mrs. J. A. Magoon, who has valuable property holdings both here and in the Islands, and her brother, Marmion. The two young people have come here to attend school.

TEDDY AND WILLIAM MAY RIDE IN PARADE

CHICAGO, July 16.—Theodore Roosevelt and William J. Bryan are to be invited to ride at the head of Chicago's civic parade in September. Rev. T. F. Dornblaser, chairman of the committee in charge, was instructed to issue the invitations after it had been suggested that a meeting last night of the government for a morally cleaner city would be greatly augmented if these men could be brought to lend their influence toward it.

A. M. Nason, farming near Canaan, Me., was badly crippled with sciatica, rheumatism, and gout, acid in his blood. "Foley Kidney Pills entirely cured me and also removed numerous black specks that were continually before my eyes." Foley Kidney Pills are a urine solvent and are effective for the various forms of rheumatism. W. J. Hart's Drug Store.

HOBART MANSION LOOTED BY THIEVES

Crooks Work Under Nose of Detectives Guarding Crocker Estate.

SAN MATEO, July 16.—A gang of burglars operated under the noses of an army of sleuths guarding costly wedding gifts at the Hillsborough residence of Miss Jennie Crocker, who today became the bride of Malcolm D. Whitman. As a result, the Crocker home guards were doubled.

About 4 o'clock, Sunday afternoon, thieves entered the palatial Hillsborough home of Lewis Hobart, clubman and architect, and stole jewelry to the value of \$10,000. Mrs. Hobart and four servants were at home at the time, but they saw not even a trace of the offenders.

The thief, coming almost on the eve of the Crocker-Whitman wedding, worried the detectives that for the last week have been detailed especially to watch over the Crocker place and the residences of the "millionaires of millionaires," which the authorities realized would attract professional crooks from all parts of the land on account of the wedding.

The sheriff, who immediately reported to City Police, also the Board of San Mateo, City Marshal Gerald Cather of Hillsborough and Constable Michael Sheehan. Roland was the first officer to appear upon the scene. He closely questioned the servants, who believed that the burglars were porch climbers. As all the doors and windows of the Hobart residence were open, it was an easy matter for burglars to gain access. Not a claw was left behind. The loot consisted of several gold watches and chains, with many pieces of children's jewelry.

PROGRESSIVE GRAB SCORED BY WORKS

California Senator Declares New Party Leaders Must Relinquish Control.

WASHINGTON, July 16.—Senator Works of California, a progressive Republican, in a statement yesterday declared the promoters of the "new party" would be guilty of dishonorable dealing if they should attempt to retain control of the Republican machinery in states where the progressive fashion controls the Republican party.

Senator Works said neither Taft nor Roosevelt had been legally nominated, and that the Roosevelt party had no legal nominees, and that the voters were free to vote for whom they chose. He said that this was no time to form a new party.

"That," added he, "must come later."

Senator Works reviewed the Chicago convention and said:

"So it became a fight to a finish just as malicious and just as disgraceful as the campaign that preceded it. The Roosevelt forces practically bolted. Taft received the vote of those who remained. The delegates who voted for the resolution nominating Roosevelt were wholly without authority to act in any such way, being duly elected and accredited delegates to the national Republican convention.

"So the Republican party has no candidate for President. Its members may vote for the Democratic nominee or any independent candidate without leaving or breaking faith with their own party, because it has no candidate.

"But the Roosevelt followers are so indignant and with passion that they are not content with this independent course. Nothing but a brand new party will satisfy their wrath.

"If in the progressive states a new party is formed it must of necessity be made up in whole or in part of the men composing the Republican party in those states. They cannot remain on committees in state or county of the Republican party and at the same time act with the new party. This would be treachery of the worst kind. It would disonor their new party at the very beginning.

"If they attempt by direct or indirect means to hold on to the machinery or offices of the old party while working with or for a new one or its establishment, they can no longer cry 'thief' to the men they charge with stealing delegates at Chicago, and no man of right political principles can consistently support their new party."

Senator Works said the alternative for Republicans was to "subdue corrupt politics," if they did not believe Taft was honestly elected, by retaining from voting for him by voting for the Democratic candidate or by voting for Roosevelt or some one else as an independent.

SPOTTED FEVER CASE FOUND IN SAN FRANCISCO

SAN FRANCISCO, July 16.—A case of a rare and dangerous disease known as Rocky mountain spotted fever has been reported from the French hospital here to Washington. The case was that of a sheep driver from Northern California, who contracted the disease from ticks on the sheep.

He was taken to the French hospital, and was there treated by Dr. Caglioti and Dr. Attigues. The man recovered, and the case was regarded as a mild instance of what is generally fatal in 75 to 95 per cent of the cases brought to the notice of the medical authorities.

The case which was reported to Washington yesterday was the first in this city in several years, but the third instance of the State recently.

The fever, which exists in two types—one in Montana and the other in Idaho—is considered so important by the government that the public health and marine hospital service has been studying it for many years in the Bitter Root valley, Montana.

GREAT WESTERN WINS CONTRACT AT NAPA

SACRAMENTO, July 16.—The Great Western Power company won the contract yesterday to supply electric power and light to the Napa hospital. The other competitor was the Pacific Gas and Electric company. The award was made by the State Board of Control. The contract involves about \$5000. Both companies bid 1½ cents per kilowatt hour, but as the Great Western Power company begins its charge for current at the secondary side of the transformer, while the other company charged for the current from the point where it left the main line on the county road, thus involving a loss to the hospital, the Board of Control decided in favor of the Great Western Power company.

DEFEAT PLAN TO LIMIT TERRITORY

Steinway Terrace Improvement Club Decides Against Proposal.

At a meeting last night of the Steinway Terrace Improvement Association the proposition to narrow the territory exclusively to Steinway terrace was defeated. The association's territory now embraces all of Steinway terrace tract, Boulevard Park tract to Fourteenth street on the south, High street on the east, and Leisee avenue on the west. The following argument against narrowing the territory was made by Edwin W. Woodward:

"Steinway Terrace Improvement Association, Gentlemen, I shall oppose the proposed amendment, as far as by-laws which so recently have been gone over by an intelligent committee and ratified at our last meeting of our association, which under the proposed amendment would narrow our territory and confine our club for usefulness exclusively to Steinway terrace."

First.—The territory lying south of the Boulevard to East Fourteenth street is the natural approach to Steinway terrace, and it does not seem right, easily, through which streets we have to pass to approach our homes, and this territory should receive the attention as much as possible of our association for betterment in this locality.

MAIN THOROUGHFARE.

"Second.—Forty-first avenue is the main thoroughfare extending through the territory, and Fourteenth street to Steinway, and by the good offices and the work of our association by its committee, succeeded in having this avenue improved from a quagmire which over-flowed and winter to Steinway, and became a second main avenue in our city, with six-foot cement sidewalks on each side of the Boulevard in front of the terrace.

"Third—I fully believe that our association should be on broad terms in improving the streets and constructing territory to Steinway in our district, not including any territory of other improvement clubs, and none of our territory should be dropped from our jurisdiction and rule by narrowing down our lines as proposed by the amendment to our by-laws."

"Fourth.—A number of residents on the Boulevard, including our treasurer, reside in this territory, and are members of our association, and the contributions from our improvement association to Steinway, therefore it would not be right to segregate them out of our club and from our membership and the territory in which they reside."

"The Boulevard park, lying immediately adjoining our terrace, through which runs Rosedale avenue, on which have recently been built many new and attractive, modern, up-to-date homes, should be embraced in the territory of our association, and should be joined and made to extend to these people to join our association for the betterment of all concerned in that neighborhood. The topography of Boulevard park on elevated ground is equally as good as the ground of our terrace, accessible by electric railroad now running through on Line avenue.

PLAN IS SUBMITTED.

"Sixth.—At the formation of this club, then designated the Steinway Terrace Improvement Club, our territory only embraced Steinway terrace tract, but after years of experience and due consideration of your former club, we have now scope to work in for the betterment of our entire district. It was ratified by the club and to carry into effect this change our name was changed to Steinway Terrace Improvement Association, under which name we are now and will remain. To now disrupt our present boundary I believe would lessen our influence as an organization, looking backward instead of forward.

"Our association has, in the past, through its pioneer membership, accomplished many useful and substantial improvements for the benefit of our citizens, who came after us, such as street improvements, electric light system (taken over by the public), water system on Steinway, a \$100,000 water system in Boulevard, free delivery of our mails, securing nine hydrants for fire protection, securing better street car service on Leona, and last, the most important feature of our association, the formation of a branch of the Oakland Education Commission extending their line through Steinway street in front of Steinway on a ten-minute schedule now in course of construction.

"Do not believe in going backward, and all these reasons set forth above, and in strict fairness to our neighbors, I believe the territory should be now narrowed down as indicated in this amendment."

That's a good one, Sam, if you think I spend my hard-earned money on custom tailors. Why, I haven't worn a tailored suit in years.

CRANES TO HANDLE LUMBER QUICKLY

Southern Pacific to Install New Machinery at Long Wharf.

What promises to result in a big increase in the amount of lumber handled at Long wharf was an announcement made today by the Southern Pacific officials, who have been negotiating with various lumber companies for a long time and up-to-date facilities for the handling of lumber. Blue prints of several traveling cranes similar to those used at the Alameda Lumber Company along Union Bay Point were submitted and those proving satisfactory the Southern Pacific officials declare that the new lumber handling paraphernalia will soon be in operation at the wharf.

At present considerable time is held between the longshoremen of this side with those of the San Francisco waterfront.

The San Francisco stevedores have made several demands for a larger wharf unloading, but these records have always been held up by the local longshoremen, who have also bettered some of these records.

The introduction of the new machinery will enable the local longshoremen to handle much more lumber in a shorter space of time than is now the case. With the aid of these cranes the Smith people are able to discharge the entire lumber cargo of the steamer, which carries the largest number carrier on this coast and which carries 1,600,000 feet of lumber in six hours. This time is considered by many to be without equal at any Pacific port.

With a large number of the smart set from both sides of the bay present to witness her sailing, the big Ocean Steamer "Columbia" steamed out of San Francisco for Honolulu, under command of Captain M. C. Houdette.

FAMOUS DAMAGE CASE IS SETTLED

Decision of Judge de Haven Limits Liability of Ship-owners.

SAN FRANCISCO, July 16.—The decision of Judge John J. de Haven in the United States district court, limiting the liability of the owners of the steam schooner San Pedro to \$15,000 for sinking the steamer Columbia and the loss of more than 80 lives on July 20, 1907, was sustained yesterday by the United States circuit court of appeals. The decision is the final settlement of all claims, amounting to more than \$300,000, which grew out of the collision on the vessel in the fog.

The appellants in the case were the Boston Steamship company and others.

The San Francisco Redwood Lumber company, owners of the San Pedro; the San Francisco and Portland Steamship company, owners of the Columbia; Mr. Swift and others representing death claims.

In limiting the liability of the San Pedro it was decided that the main cause of the accident was the negligence of the master in failing to make the company liable. The error of the mate was attributed to a slip in judgment.

Among the prominent passengers who sailed on the steamer were Captain Moore and Scott company, undergoing a general overhauling. The repairs to the vessel are being made under the supervision of the San Pedro officials.

The schooner Hagan, which went aground near the Cliff House Saturday night, is not leaking. The vessel will be dry docked after a day or two.

The schooner Dauntless, which also沉没 in a smash-up, in which she collided with the Roanoke, will be laid up some time for repairs.

The same summer Olson and Ma- hane, Captain Payne, is at Long wharf discharging a port cargo. The vessel came from Tacoma.

Departures from the inner harbor during the night and morning hours today were the Phoenix, Ravall and Point Arena. All three will sail north to load lumber for this port.

The steamer Northern City and Bear were the arrivals in the inner harbor today. Both are at the Sunset Lumber wharf discharging lumber cargo.

The schooner Brandon is at the Hagan Lumber company's wharf discharging a lumber cargo.

WILL GO TO CHINA TO ESCAPE PRISON

Wealthy Chinese Merchant Fined Third Time for Opium Selling.

Convicted on the third offense of engaging in opium selling, Ken Hung, a wealthy Chinese merchant of this city, was sentenced to pay a fine of \$500 by Judge Weste in the Superior court today.

Hung has spent 40 years in Oakland, and has sold drugs with and without the knowledge of the authorities. It is believed that most of that time his ideas of the penalties are vague, but he knows they are places where men would not run them without any wayward actions. This is the third fine imposed on Hung for like offenses, and he only got a short term in prison for the satisfaction of his punishment that he would never go to China in October to spend the remainder of his days. He was defended in the trial by Attorney Phil Walsh.

WARRANT IS ISSUED FOR YOUNG LAURIER

SAN FRANCISCO, July 16.—A warrant was issued this morning for the arrest of Charles Henry Laurier, who claimed to be the nephew of Wilfred Laurier, former prime minister of Canada. Laurier failed to appear on the day he was to wed Miss Madeline Fowler of this city and left her with a party of friends who had gathered for the festivities.

Neither the bride-to-be nor the Aragon hotel has seen Laurier since. J. A. Walker, a hotel clerk, obtained the warrant from the sheriff's office charging Laurier with passing a fictitious check drawn on the Canadian Bank of Commerce on June 25.

HUNDREDS TO BE TOLD TRUTH ABOUT RECALL

Prominent Women of Oakland to Be at Thursday's Lyncheon

Preparations are being pushed rapidly forward for the elaborate luncheon to be given on Thursday at the Ebell Club, at which an attendance of 300 guests is expected. The luncheon has been arranged so that women may hear the truth in regard to the proposed recall movement and the events of the day are under the direction of the women of the Good Government Club. The chairman of the day are to be Mrs. John Porter, president of the Women's Good Government Club, and Miss Mollie E. Conner, the literary editor of THE TRIBUNE.

The luncheon is open to the public, as special invitations having been sent out, and the luncheon is at the usual price of 50 cents. Seats are to be assigned in the order in which they are applied for, and the list will be closed at the seating capacity of the Ebell Club, which will be at about 300. The women are planning very beautiful and unusual decorations, and there will be an exceedingly fine program of music arranged.

The speakers are to be announced in the near future, and most of the speeches will be regard to the proposed recall, while a general defense on the part of the women of the city to be fully informed in regard to a matter that so vitally affects the welfare of their children and of their homes.

MANY TO BE PRESENT.

MISS EILEEN ALDRICH, daughter of Mr. W. H. Aldrich and a niece of Mrs. William E. Barton of this city, became the bride of Godfrey Herbst of Dresden, Germany, at a very quiet wedding, celebrated Sunday at St. Paul's Episcopal church, with Rev. Alexander Allen as the officiating clergyman. Only the members of the immediate families and a few close friends were present.

The young bride is one of the most attractive girls in society. While she was abroad she met Herbst, who belongs to a prominent family in Dresden. The engagement was kept a secret and the members of the family are hearing with surprise of the marriage. The couple will spend the early part of their honeymoon in the Yonne Valley and will then go to New York, from where they will sail for Germany, where an attractive home awaits them.

Another wedding is that of petite Miss Sadie Riegelman, who today became Mrs. Charles Wherry at a quiet wedding at the home of the bride's mother, Mrs. Meyer Riegelman, on Webster street, in the presence of a score of relatives and close friends.

Miss Mabel Riegelman attended her sister as maid of honor. The wedding was beautifully appointed. Both young people have a host of friends here.

INFORMAL AFTERNOON. Miss Jessie Bigner, a prospective bride, was the motif for an informal afternoon given by Mrs. John Goody today. A dozen friends spent the afternoon and the home was prettily decked in pink and lavender colors.

LUNCHEON AT EBEL CLUB. A large number of local folk will gather at the Ebel clubhouse on Thursday for the Women's Good Government League luncheon for which careful preparations have been made. The members of the executive committee, headed by Mrs. John Porter, will act as hostesses, and a large receiving party of prominent women will assist in welcoming the guests. Among the speakers of the afternoon will be Mayor Frank K. Mott, the Rev. George White, Rabbi Friedlander, Harrison Robinson, Harold Williams, A. A. Danison, secretary of the Chamber of Commerce, and District Attorney William C. Condit. In brief two-minute talks they will explain the principle of the recall and tell what has been done for the city by the present administration. A feature of the after-luncheon program will be a large blackboard by means of which illustrated instructions will be given the women in regard to their ballot.

AT CAMP MEEKER. Mrs. P. J. Fannon, Mrs. M. Rowan, Mrs. M. Bohan, Miss Mary McCabe and Miss Blanch Bohan are enjoying a few weeks at Camp Meeker. Sunday they were the guests of Mr. and Mrs. J. F. Loughrey of Madrone Castle, Monte Rio.

PROSPECTIVE BRIDES. Miss Nettie Parker Cadman, daughter of Mr. and Mrs. J. G. Cadman, has announced her engagement to John Lewis Morgan, an architect, who is prominent in his profession. Miss Cadman is at present visiting relatives, Prof. and Mrs. W. E. Ritter, at their country home in San Dijo county.

Another bride-to-be is Miss Helen E. Watson, daughter of Henry H. Watson of Delaware street, Berkeley, who will wed Dr. Pleasant Wightman Byrd, a physician of Newman, on Sunday, August 4, at the family home of the bride. Both are graduates of the University of California.

Miss Watson received her B. L. in 1908 and her master's degree in 1909.

Doctor Byrd was graduated from the college of pharmacy in 1906 and later took up medicine.

SUMMERING AWAY. Mrs. Giles Nelson Euston and Miss Mary, Miss Elizabeth and Miss Ann Euston are in a pretty bungalow at Echo in the Tahoe region.

Mrs. George W. Volk of Alameda will go to Mount Hermon for a couple of weeks.

CARD PARTY. Miss Bellinda Stanton, a bride-to-be, will be given a card party on Friday, August 2, by Miss Arleen Bessette, who has asked half a hundred friends.

HOUSE GUESTS. Mrs. Louis Woolley will have as her house guests Mr. and Mrs. Hulafay Smith of Waco, Tex., who will arrive here during the next two weeks.

Mrs. Raymond Wilson is entertaining

MISS CLAIRE JOHNSON, WHO WILL MARRY RICHARD PARLE THIS MONTH AT A BEAUTIFULLY APPOINTED WEDDING.

Miss Frances Sherman, an Eastern girl, as her house guest.

GARRISON CRITTENDENS DEPART. Mr. and Mrs. Garrison Crittenden of this city will leave in a day or two for Eureka, Humboldt county, for a summer outing.

AT TAHOE. Among the Oaklanders staying at the Tahoe Tavern are Mrs. Roosevelt Johnson, Mrs. O. H. Hibbom and son, Miss Lillian Anderson, Mrs. Bernard Ransome and Mrs. Alice Jepperson.

TO MOTOR TO SANTA CRUZ. The Herlicks of San Leandro will motor to Santa Cruz during the water carnival. They will reopen their home after August 1.

RETURN FROM HONEYMOON. Mr. and Mrs. Hiram Johnson, Jr., are at the Bowles home in Claremont, pending the establishment of their permanent home across the bay.

TO BUILD NEW HOME. The family home of the W. H. Chickering was recently sold and the family plans to build a new residence in Upper Piedmont, where the older Chickering will also build.

TO GIVE HOUSE PARTY. Miss Florence and Miss Corona Williams will give a house party this week at their place at Inverness. The guests will leave on Thursday and return Monday.

Mr. and Mrs. Walter Ratcliff, Jr., will present the Williams family home on Piedmont avenue.

RETURNS FROM EAST. Mrs. Prentiss Selby is being welcomed home after a long sojourn on the Atlantic coast. Arthur Selby, who has been attending Yale University, accompanied his mother to California.

EN ROUTE HOME. Isaac Upshur, who has been touring the world, sailed last week for the United States, and will reach California some time in August.

LETTERS FROM ABROAD. Letters from Switzerland tell of pleasant days enjoyed by Mrs. W. T. Wrampele and Miss Ethel Wrampele.

OAKLANDERS DEPARTING. Mrs. Wickham Havens and Miss Sallie Havens leave today for the East, and will visit the Frank C. Havens at Sag Harbor, where Mr. and Mrs. Richard Partington are also guests. The Frank C. Havens will go to Santa Barbara next month and Mrs. W. G. Havens and Miss Florence Havens expect to go to the East.

It is expected that the Havens will also go to the popular southern resort.

Miss Myrtle Howell leaves this week for the East and Europe, to attend the congress of artists which meets in Dresden next month.

Mr. and Mrs. Royal Hawley are planning a trip to Chicago, New York, and stay of some time at Newport.

Mrs. Follen Taylor and Miss Gertrude Taylor will leave in a few weeks for the East, and will spend some time in Washington, D. C.

SOCIETY GIRLS
SAVE DAY IN
NEAR-WAR

Arrive on Battlefield in Time to Prevent Farmer's Shooting.

AN FRANCISCO, July 16.—A poor, determined widow with an ax, an irate farmer with a shotgun, two society girls from San Francisco and an assistant district attorney of San Mateo county were characters involved in a near-shooting at San Gregorio yesterday.

Wielding the ax, Mrs. Kate Ralston, wealthy widow of Redwood City, was chopping down fence erected by William Ralston, her brother-in-law, between their adjoining ranches, when Ralston appeared with a shotgun.

"Another swing of that ax and I'll fire," Ralston shouted, and he was leveling the weapon when—presto!

Two handsome girls with an escort came directly in the range of the shotgun, which was leveled by Ralston as soon as he saw them.

The girls were the Misses Anna and Maud Booth, nieces of Frank Booth of San Francisco, and their escort was Assistant District Attorney Floyd Smith of San Mateo. The Misses Booth had been taking a stroll through the country with Smith and arrived just in time to interrupt the squabble between Ralston and his sister-in-law.

Another figure joined the group in the person of Mildred, the 18-year-old daughter of Mrs. Ralston, and her arrival was followed by the retreat of Ralston and his shotgun. Later in the day Mrs. Ralston consulted District Attorney Franklin Stewart about swearing out a warrant against her relative.

The plot had to be the indirect cause of the quarrel. In Charles Blane Upton, who is known as "Wild Goose Canyon Poet," Upton, who is engaged to Florence, a daughter of Ralston, was recently voted down as teacher and trustee of the San Gregorio coastside school.

Ralston resented the action taken against the poet-schoolmaster and attributed it to gossip of John Williams, a farmer who leases his place from the Widow Ralston. The widow's ranch and the ranch of her brother-in-law adjoin. Ralston yesterday decided to close all roads leading to the widow's property, claiming that they were private thoroughfares.

When Williams saw a fence obstructing a road on the ranch he leases from Mrs. Ralston, he went to Redwood City and appealed to the widow.

The widow, after failing to convince her brother-in-law that he had no right to obstruct the road, procured an ax and started to chop the fence down. She was engaged in this when Ralston arrived with the shotgun.

Champion's Doctrine

NEWPORT, R. I., July 16.—Mrs. O. H. Belmont now appears as a champion of the Monroe Doctrine. She thinks the American public is too indifferent and expresses her views in a signed statement issued yesterday. Mrs. Belmont

is the first to go to the indirect cause of the quarrel. In Charles Blane Upton, who is known as "Wild Goose Canyon Poet," Upton, who is engaged to Florence, a daughter of Ralston, was recently voted down as teacher and trustee of the San Gregorio coastside school.

SAN FRANCISCO, July 16.—"Prince

to do with his ability to have his

yesterday from the Orient.

"Prince" was born and bred in
the Imperial palace at Tokio, and it may be
his royal bringing up that accounts for his
arrogant manner. Another thing, he cost his mistress more than a whole
kennel full of canines of less distinction.

WILL BUY AUTO
FOR FIRE CHIEF

Commission Decides Head of Department Needs Machine.

ALAMEDA, July 16.—John G. Matthews, 61 years of age, an engineer in the employ of the local fire department, was ordered on the pension roll of the city, following his request, at a meeting of the police and fire commission last night. Matthews has been many years in the service of the city and has a clean record. He was engineer of fire engine No. 1, having held the position ever since the city first purchased the machine. The retirement will become effective on August 1.

The police, fire and water committee of the city council met with the commission and the matter of the purchase of an automobile for the use of Fire Chief Walter Steinmetz was taken up. After some discussion it was decided by the committee to recommend to the council the approval of a budget item of \$1500 for this purpose.

Eight hundred dollars will also be recommended to be allowed in the budget for the purpose of purchasing a tractor to draw truck No. 1.

Chief Matthews was instructed to communicate with the Peoples Water Company, requesting immediate action in the matter of installing proper mains and hydrants in the Garfield and Liberty tract and in Bridges avenue.

The city council's examination date for captains and ranking captains to fill the vacancy in the position of second engineer and for drivers and lieutenants to fill the vacancies in the position of captain, was set for August 4 at 10 o'clock a.m. At that time the city commissioners will be called to file their applications with the clerk of the commission before August 1.

The semi-annual reports of the chief of police and the chief of the fire department were received.

An application of P. W. T. Hopkins for a position as fireman was received and filed.

ALAMEDA BOOKLETS ARE
GIVEN AWAY ON CARS

ALAMEDA, July 16.—Great interest is being taken by the members of the Alameda Chamber of Commerce in the success of the scheme of distributing Alameda booklets on the sight-seeing car of the Oakland Traction Company in the principal cities of the state. It is the custom to give these books to the conductor for distribution.

They he hand to the passengers as the car enters Alameda, and with the booklet is given a card with the name and address of the traveler and a few lines on which to record his impressions. All of the cards are returned to the porters of the Chamber of Commerce and a following campaign of correspondence is undertaken.

Hundreds of inquiries have been received from the persons to whom the books have been distributed and some new residents state that it was through efforts of the local chamber that they were induced to make their homes here.

NORTHERN CAPITALIST
ROBBED ON 'COAST'

A merry time on the Barbary Coast of Astoria, Oregon, a noted capitalist of Klamath Falls, Oregon, \$200 and finally landed him in an uncertain frame of mind in the Melrose Luckup. Castel awoke at a late hour this morning and found himself facing a charge of drunkenness and the absence of \$200 and a gold watch and chain.

Castel explained his flight to the Oakland police, but the two youths who had been detailed on the case to see whether any of the money could be recovered and whether Castel had given it up willingly or had been robbed.

AT WORK ON PILING.

ALAMEDA, July 16.—Work by the Southern Pacific company on the piling up of the piling that formerly supported the bridge across the San Juan River, now known as the San Juan River, is going rapidly on. The pile driver is making headway despite the fact that many of the piles, being old and worn, break off and necessitate new holes being driven. Seven days more will elapse before the work is completed.

GRASS FIRE THREATENING.

ALAMEDA, July 16.—Following the regular business meeting of the City Council, Y. M. C. in Lafayette hall last night, a musical and literary program will be rendered. Several prominent speakers and musicians will make up the bill.

YOUTHS RESCUED
FROM DROWNING
BY WORKMEN

WILLIAM KEITH.

ALAMEDA, July 16.—Thrown into the bay, when their little sloop capsized, shortly before darkness had settled, five young men of this city, yesterday evening, had a battle for their lives with the waves, and but for the timely arrival of assistance, at least two of them would have drowned.

As it was, although they were on the brink of eternity, the young men are no worse for their trying experience.

Ralph Cuthbertson, Jack Donald, Milton Blakow, William Keith and Leslie Keith, the four sons of the Aladian yacht club for a sail in a small sloop. They cruised about the bay until nearly dark, when a squall capsized the sloop, and the craft being heavily ballasted, sank immediately. Three of the boys, Cuthbertson, Donald and Keith, swam ashore, reaching the marsh after 40 minutes' battle with the waves.

Keith, who is also a good swimmer, decided to remain with Blakow, the latter not being proficient in the art of swimming, but being able to keep afloat.

Keith, assisted by his brother and the crew of a pile puller, engaged in removing the piles from the old narrow-gauge trestle, a mile away, heard the calls and put out in a small boat. By answering the calls, they were enabled to reach the two boys and bring them ashore.

The trio that swam to the marsh, after having to swim across several sloughs, managed to reach the high land and make their way home. Blakow and Keith were taken aboard the pile puller, and, after being washed, were set ashore by one of the crew.

All of the young men are prominent in high school fraternal circles. The sloop was owned by Charles Keith of 2060 Central avenue, the father of one of the boys. An attempt is being made to raise the yacht today.

PERKINS REPLIES.

BERKELEY, July 16.—The Chamber of Commerce is in receipt of a reply from Senator George F. Perkins to telegram sent him urging support of the one-cent letter postage. His reply follows:

"Washington, July 11.—To the Berkeley Chamber of Commerce: I am receipt of your letter of July 10, recommending the passage of the proposed one-cent letter postage, and would say that I am glad to have notification of the action of your body. I am in favor of one-cent postage, and would be willing to support the measure if it is up to the mark.

CONGRESSMAN JULIUS KAHN of San Francisco, replying to a similar communication, says: "I assure you that I am in favor of one-cent postage, and shall be pleased to support the measure in the House."

ENTERTAINMENT TONIGHT.

ALAMEDA, July 16.—Following the regular business meeting of the City Council, Y. M. C. in Lafayette hall last night, a musical and literary program will be rendered. Several prominent speakers and musicians will make up the bill.

MRS. CASTOR SAW
HUSBAND DROWN

Seminary Teacher Disappears
Under Water and is Victim
of Cramps.

BERKELEY, July 16.—The funeral of Professor George D. Castor, head of the department of New Testament exegesis, at the Pacific Theological seminary, the report of whose death by drowning reached his friends yesterday, will be held at the First Congregational church of Berkeley tomorrow afternoon at 2 o'clock. The service will be in charge of the Rev. Dr. C. S. Nash, president of the seminary with which Professor Castor was intimately connected, both as a teacher and as registrar. Dr. Nash will be assisted by the Rev. H. C. Miles, pastor of the First Congregational church, and the Rev. John W. Buckham, professor of systematic theology in the seminary.

A message telling of the death of his colleague has been sent to Dr. John F. Bach, head of the department of Old Testament exegesis at the same place. Castor is spending his vacation in the high Sierras of Inyo county, and it is not believed that word will reach him in time to permit his presence at tomorrow's services.

On Thursday morning, Mrs. Castor will leave for Berkeley to attend the services, where interment will take place.

Particulars of the death of Professor Castor were given by President Nash this morning, following his return from Lake county, where he had gone Sunday night in response to a telegram informing him of the drowning of his colleague. According to Dr. Nash, Professor Castor and his wife were driving through Lake county and spent Sunday in camp, near Kelseyville. In the evening, Professor Castor decided to take a bath in a swimming hole in the small creek which flowed to the place where he was camping. His wife was the sole witness of his death, which apparently resulted from an attack of cramps.

Seeing that her husband, after disappearing from camp, did not return to the surface, Mrs. Castor realized that something was wrong and went quickly for help. Fifteen minutes passed before friendly hands sought and found the body and made every effort to restore respiration, but although aided by a physician, and continuing their efforts for two hours, the unequal fight against death was unavoidable.

Dr. Castor's sudden death has cast a deep shadow over the seminary and the larger church in which he was known and loved.

At 10 o'clock tomorrow morning, the services will be held at the First Congregational church, an inspiring teacher of the New Testament writings and as a Christian gentleman and scholar.

PIONEER DROPS
DEAD AT CLUB

Heart Failure Causes Death of
H. S. Hazeltine, Prominent in Berkeley.

BERKELEY, July 16.—H. S. Hazeltine, pioneer of Berkeley and of the state, former member of the Berkeley board of education, dropped dead in the doorway of the old Club just short of heart failure. He had been suffering from the disease for some time and had been under the constant care for several weeks of Dr. Clark Burnham.

Hazeltine had been prominent in the exclusive Union Club, but had become less and less active in his social life.

Other members of the club who were present hurried to his assistance and summoned medical aid. Before a physician could arrive, he had expired. Due to the fact that the members of the club had been under the care of an old man, it was determined that his death was dispensed with by Deputy Coroner E. E. Nichols.

Hazeltine was born in Wisconsin seven years ago and had since been to California, staying after the Civil war, which he saw service in the Union ranks. He engaged in commercial business in San Francisco and other California cities for many years, coming to Berkeley in 1880. He died at his home, 2715 Russell street, South Berkeley. He served two terms as member of the board of education, while W. K. Wells was president of that body. He was interested in a number of other lands in different parts of the state. He was a member of the Union Club practically since its institution. He was proprietor for some years of a grocery in South Berkeley.

Hazeltine is survived by three sons, Richard, Harvey and Lawrence Hazeltine, and two daughters, Misses Margaret and Sarah Hazeltine. The members of his family are all out of the city at the present time, and arrangements for the funeral will be delayed till their return.

BRIGGS FORGETS
FILING OF BOND

Berkeley Board of Education
In Confusion as Result
of Mistake.

BERKELEY, July 16.—At its meeting this evening the board of education will attempt to straighten out the tangle in which it has found itself because of the forgetfulness in the matter of filing his bond.

Herbert E. Briggs, a member of the board, but left on his desk until this week.

When he finally discovered it he presented it to Mayor Wilson for signature and approval. These the mayor refused, on advice of the city attorney, owing to the lateness of the date. It is now feared that act of the board since Briggs was a member, and on which he was reinstated, will be invalidated by these facts and must be re-enacted.

It is also considered probable that the board will have to reappoint him tomorrow night to permit his filing a new bond.

Sickness and Injuries Leave Oakland Ball Team in Sadly Crippled State for Seals

MANY MAIMED AND INJURED BALL PLAYERS WITH OAKS

Several of Sharpe's Best Men Are on the Shelf and Team Is Badly Crippled; Notes of the Game

Oakland starts on its second week among the home town folks this afternoon; that is, the hopes will play five of their games over the bay and two here. The Seals are to be the enemy and on past performances it ought to be a walk-around for the Sharpshooters, for ever since the opening of the season those Seals have been easy for us. Baseball, though, is a funny game and one can never tell what is going to happen next. Allowing that we 'untrim' the Seals as on previous occasions, Oakland stands an excellent chance of improvement in the percentage column.

Since the 2d of April Oakland and San Francisco have played 20 games and 14 of these have been won by Sharpe's crew on the field. Oakland should increase her percentage.

Bill Buck, though, is on the heels of Sharpe. Last Sunday he was star catcher and also assisted Honus Weller on a time trial. Bill will be on the shelf for some little time to come. Bill Malarkey who was hitting his stride and becoming a star of the Coast League, however, and is on the hospital list.

Then there's Hoffman and Elmer Zacher are on the injured list and both are out of the game. Bill Zacher is so much improved that he might have a swing at the ball and if he does it will go to left field.

With all these signs of handicap there is some consideration that indications are that the Seals are in and Howard Gregory may come back. Last week big Harry pitched against the Senators and lost a real hard ball game. While Gregory pitched better, the Seals were not beaten.

If such is the case Oakland may manage to wade along and while missing all the sick and injured, do well.

SEALS HARD TO FATHOM.

San Francisco came back from Beaufort yesterday afternoon and dropped four games in the last three games played. Along the line the fans murmur that they knew it all the time but there are thoughts about the team that are hard to fathom.

Opponents here look as though as any, but they do not win games. While there are no fence busters in the line up there are some men that can hit fairly well. Hartley is one, though he has been on the fence swats.

Gus Hellings is the best among the Oaks, with 112 hits out of 334 times at bat. He is also well ahead of the line in base running and is a mighty valuable man to the Oaks.

That is, he will hit the ball all over the lot one day but the next when a bunting is needed Hartley is not there. While he is not the best, he is the best. Mundorff is slipping and that is a detriment to the team in the north.

It is in the box, though, that San Francisco is weakest, there not being a winning pitcher on the whole team. McCorry with six won and six lost and Miller with seven wins and three being the closest approach to a winner.

Zacher and Toner have been of little use to the team while Delhi and Hendon are bitter disappointments to the fans. Pausch is the only one showing anything and a perusal of the records of all these men show that San Francisco will have to continue its search for men that can at least win a few more than they

Let's See Just How High Up We Climb

Club	W.	L.	Pct.
Vernon	59	39	.602
Oakland	55	41	.573
Los Angeles	52	41	.542
Portland	41	18	.661
San Francisco	40	56	.417
Sacramento	38	56	.404

lose if the team ever expects to get off the brink of the cellar.

PORTLAND TEAM DOING WELL.

The Beavers are beginning to attract attention and well they should for McCready's bunch are showing a vast improvement in their work all around. Mac is showing his real strength in the field. He has been doing his best and been fair with the boss of the north and stayed on the water wagon the Beavers would be in a far better position than they are.

This week they tackle Holligan's bunch. Up to date these two teams have met 18 times. Ten of these games went to the Holligan while the rest were won by the Beavers. The two bunch are better now than when they last met. Happy and fans can look for them to give Vernon a harder battle.

AROUND THE BASES.

Bill Hartley, Holligan's star continues to lead the sluggers of the Coast League. Up to date Bill has gone to bat 293 times and made 165 hits, 10 of which have been on the fence swats.

Gus Hellings is the best among the Oaks, with 112 hits out of 334 times at bat. He is also well ahead of the line in base running and is a mighty valuable man to the Oaks.

Big John Tiedemann who was out of the game for a couple of weeks with a sore knee is back and according to last week and what the big fellow did to the ball was a shame. All he could do against the Sacramento pitchers was to make seven hits out of eight times at bat. He is still in the game, however, with a gain of 22 points, which means that John will be among those present early and often.

Sacramento will be in the southland this week against our nearest competitors, the Angels, and if the Bookmaker's outfit plays the ball down there that is the only way to win. The Angels are gathering often. This Sacramento outfit is the prize in and outers of baseball and one can never tell what they are going to do.

TAILORS 6, STANDARDS 1.

Clover pitching caused the downfall of the Standard Gas Engine team Sunday afternoon on the Twenty-third Avenue diamond. The final score was 6 to 1 in favor of the M. Weiners Tailors team.

Score: R. H. E. Standard Gas Engine Co.....6 10 1 Batteries—Pearl and Mahoney; Noble and Swanstrom.

NEW YORK PROMOTER IS AFTER BOXER JOE RIVERS

Joe Rivers is wanted in New York by Promoter McMan in an attempt to get some time in August. Manager Joe Lovy is following the telegram and saying little. The financial inducements, it is understood, are quite attractive.

Judeans Win Again

The Judeans defeated the fast Wardrobe team for the score of 15 to 5. The game was the most interesting game the Judeans have played this year. The game was played at East Shore Park, Sunday.

The feature of the game was the good pitching of Eddie Markey and his able catcher, Karpman. The Judeans' hitting was done by J. Pappas and L. H. H.

1000 HIBERNIANS AT CONVENTION

CHICAGO, July 16.—More than 1000 delegates to the convention of the Ancient Order of Hibernians arrived today. Most of the 1000 members intended for today the delegates were to attend a solemn pontifical mass, celebrated by Archbishop Quigley at Holy Name Cathedral. Bishop Carr, of Helena, Mont., was scheduled to deliver the principal address. The business of the convention is said to be a change in the constitution that will enable the society to include individual insurance of its members.

ONE KILLED, 2 FATALLY HURT IN RUNAWAY

COUNTESS OF GRANARD'S DAUGHTER BATIZED

SANTA ROSA, July 16.—R. E. Reynolds, 70 years old, a Green Valley agriculturist, was killed instantly, that his wife so seriously injured that her life is despaired of, and his brother, E. Reynolds, who had just arrived from the East, also is dying as the result of a runaway accident yesterday. All three were riding in a buggy when the horse took fright. The animal collided with a tree and all three occupants of the vehicle were hurtled out. Reynolds' skull was fractured. Reynolds was a Grand Army veteran and a member of the Ellesworth Post of this city.

RECOVER BOYS' BODIES. WINTERS, July 16.—The bodies of Joseph Gifford and Clarence Kettnerburg, the two boys who were drowned at Buford Springs, Sunday, eventually were recovered yesterday about 15 feet from the scene of the accident. Lawrence Wilkes, a swimmer and diver of Vallejo, brought up both bodies. The mother and father of Gifford arrived yesterday afternoon from San Francisco.

GENERAL LEE RECOVERING. ROSWELL, N. M., July 16.—Information was received here last night that General Homer Lee, who as field marshal of the Chinese Republican army played an important part in the creation of the new republic, subsequently suffering a complete breakdown, is rapidly regaining his health.

FRUIT MEN HANDED

\$1,000,000 LEMON

Speculators Lose by Finicky
Weather Reports From
California.

CHICAGO, July 16.—That speculators in lemons have lost over a million dollars in the past three months by overbidding the market, was the assertion here today of leading fruit importers. They say that this has been the most disastrous season for the lemon importers that they can remember.

The speculative movement began in the spring, with reports that the California crop of lemons had been destroyed by freezing weather. Speculators in Italy then began to contract heavily with the growers for the supply. Importers here rushed orders to Italy to buy up all the lemons in sight.

Then came the crash. The speculators found that there would be no shortage in this country. The cold weather in California did not cause as much damage as at first supposed, and a late spring kept down the consumption of lemons.

In the last few weeks, some of the importers have had to sell at \$4 on a lemon that cost them upward of \$8 a box. The receipts in April and May amounted to \$95,000 boxes, and there was a flat loss well in excess of half a million dollars.

The receipts for June and early July have been close to 400,000 boxes, adding \$800,000 more to the accounts sunk in the speculation.

BUSINESS IS GOOD
WITH UNCLE SAMTreasurer McClung's Transactions Amount to \$4,837-
226,388 In Year.

WASHINGTON, July 16.—The cash transactions of Lee McClung, treasurer of the United States, with the business world during the fiscal year 1911-12 climbed to the enormous total of \$4,837,226,388, the highest in the history of the country. This amount, \$300,000,000 greater than the previous year, represents the combined income and expenditures of the government.

Including the intra-departmental transactions, which necessarily involved duplication, the total amount of money handled by the divisions of the treasurer's office reached \$8,601,731,102.

The sum passed through hundreds of hands in the treasury, but only one official was bound to the security—the Treasurer of the United States, whose bond is only \$100,000, and who by law is personally held responsible and who by law is entitled to the same amount.

The James have been married eighteen years, and Mrs. James said until her husband met the woman she expects to name in her divorce complaint, their domestic life was harmonious.

McClung, like his predecessors, maintains that every man in his office who handles money should be bonded. Under present conditions he must depend largely upon the honesty of his subordinates, and a comprehensive system of checks against individuals and groups of individuals to detect irregularities.

The Bureau of Engraving and Printing turned out during the year \$70,000,000 in paper United States currency to take the place of notes worn to unfitness for circulation.

NOTORIOUS SWINDLER IS CAPTURED IN SOUTH

LOS ANGELES, Cal., July 16.—Believed by Los Angeles police to be Jules Waterbury, ex-football star of Cornell university, for whom an international search has been made, a young man answering the description of the notorious swindler was taken into custody last evening. According to the local paper, Waterbury is known also as "Dix" Ford, and is wanted in New York for jumping a mail and in other cities for various other alleged crimes. The police say the prisoner made two futile attempts to escape after he was arrested and then with suave indifference, admitted, to the police say, he was wanted in New York City. He denied that he was wanted abroad or in any other city.
